1.1a: Plaats van getal schatten op de getallenlijn
1.1b: Optellen en aftrekken op de getallenlijn
1.1c: Optellen met gewichten

Figure 1 is a 3D plot showing the distribution of the number of nodes in the network. The x-axis is labeled "Number of nodes" and ranges from 0 to 100. The y-axis is labeled "Number of nodes" and ranges from 0 to 100. The z-axis is labeled "Number of nodes" and ranges from 0 to 100. The plot shows a distribution of nodes across the three axes, with a peak around 50 nodes on each axis.

1 Hoeveel keer?
