

Boodschappen doen bd05 dubbelwoord

Opdracht werkbladen bd05-1a/b en bd05-2a/b

Van twee enkelvoudige woorden één samengesteld woord/'dubbelwoord' (in kleutertaal) maken.

Hoe kun je deze opdracht aanbieden?

De kinderen zijn in staat om te spelen met woorden en hun betekenis.

Je verzamelt afbeeldingen van samengestelde woorden die te maken hebben met boodschappen doen, zoals winkelwagen en marktkraam. Je vraagt aan de kinderen of ze twee verschillende woorden horen in deze woorden. In deze voorbeelden zijn dat 'winkel' en 'wagen' en 'markt' en 'kraam'. Kunnen de kinderen zelf ook nog dubbelwoorden bedenken?

Vervolgens deel je de werkbladen uit. Boodschappen doen bd05 kent twee variaties die verschillen in moeilijkheidsgraad. Variatie 1 is makkelijker dan variatie 2. Afhankelijk van het niveau van het kind op taalgebied kun je kiezen voor variatie 1 of 2 (zie verrijking).

Variatie a:

Gebruik de werkbladen bd05-1a en bd05-1b. Op werkblad bd05-1a staan in de tweede kolom plaatjes met enkelvoudige woorden afgebeeld. De kinderen kleuren de plaatjes van werkblad bd05-1b en knippen deze uit. Vervolgens leggen de kinderen deze plaatjes op de juiste plaats in de eerste kolom (enkelvoudig woord) en in de derde kolom (dubbelwoord) van werkblad bd05-1a.

Met antwoordblad w05-3 controleren de kinderen zelf of zij de plaatjes juist hebben neergelegd en plakken deze vast.

= variatie 2:

Deel de werkbladen bd05-2a en bd05-2b uit. Op werkblad bd05-2b staan de enkelvoudige en samengestelde woorden door elkaar. Het kind moet zelf met behulp van de enkelvoudige woorden de dubbelwoorden vinden.
